**Hiring Team at Critical Mass**

Critical Mass Agency, Calgary  
1011 9th Avenue SE, Suite 300  
Calgary, T2G 0H7

Dear Hiring Team,

I am writing to apply for Student Front-end Developer position at Critical Mass as I believe I could be a good fit on your team. I'm inspired by the inventive approach that Critical Mass takes to leverage intelligent data systems and modern web technology to develop and design a complete digital experience package for your clients. I believe my drive to produce high-quality development work and my strong practical skill would help me become a valuable addition to your current team.

This position is one that I am well suited for taking into account my practical training and skills that I have developed and am developing in my program, all of which are listed in my enclosed resume. Some of my biggest strengths include:

- My knowledge of JavaScript both on the client and server side.
- A love of learning from others and from any opportunities that I am given.
- Enthusiasm for collaborating with others.
- My Flexibility, I can work with a wide range of programming languages and also able to work well with SQL and NoSQL databases.

I am very excited about this opportunity and would greatly appreciate discussing this further in person. Thank you for your time and consideration. I look forward to hearing from you soon.

Sincerely,

**Robbert Van der Grift**

Resume enclosed.
